

A great flame follows a little spark

Dante Alighieri ("Poca favilla, gran fiamma seconda" – Paradiso I,34)

Vanixa – Italian Home Flame is the exclusive interior design brand inspired by "decorative flame" as key concept of the entire range of products, split in three operative areas: **Lighting, Arting and Warming**.

Since thousands of years fire creates emotions that match human with his evolution: it is not just a matter of warm transmission, it is about sensations, passion, empathy.

Around the flames of a fire mankind developed the very first verbal language signs, around hearth families and friends have shared experiences and emotions for generations.

Even in the modern apartment - particularly in those one located in the cities - it could be pleasant to watch flames or embers lighting, fascinating, let it dreaming, in complete harmony with the home and respectful of the environment.

Starting from new flame concepts, warm emotions, close attention to design and fashion, Vanixa introduces a new world of solutions and furnishing elements for private residences, hotels, bar, restaurants, thanks to a professional team of experts and innovators coming from various sector of specialization, in line with the tradition and avant-gard of Italian style.

ITALIAN HOME FLAME

Vanixa offers standard products, competence for the realization of custom made special projects and support to architectural firms' requests.

Idea concept, design and production are Made in Italy, as well as attention and care to details, distinctive of the excellent Italian handmade manufacture.

Vanixa proposes products on an e-commerce platform, through flagship stores next opening in the most important worldwide cities, with solutions of shop-in-shop inside the most beautiful and interesting interior design showrooms.

Product Areas

Lighting: all the solutions that can create light from the elements of a fire (flames, embers, lapillus); thanks to the recent and refined electronic technological solutions, these elements can be insert in the most modern and trend setting furnishing concepts.

Artimg: flames inspiring unique elements or limited series, realized by international artists, to make every house an exclusive place.

Warming: collection of fireplaces (wood, bio-ethanol, electric, gas) and warming elements developed under the exclusive Vanixa design style; something that decorate but also with the target to generate low or high heating, not just empathy warming.
